Contents to Volume 49 (1992)

Number 1 – April 1992

Editorial Comment 1

CLINICAL SECTION

Research papers

Self-administration of midazolam for postoperative anxiety: a double blinded study
K.J. Egan, L.B. Ready, M. Nessly and B.E. Greer (USA) 3

Pain response to perineuromal injection of normal saline, epinephrine, and lidocaine in humans
C. Chabal, L. Jacobson, L.C. Russell and K.J. Burchiel (USA) 9

Octreotide: a potent new non-opiate analgesic for intrathecal infusion
R.D. Penn, J.A. Paice and J.S. Kroin (USA) 13

Response of intractable pain to continuous intrathecal morphine: a retrospective study
K.A. Follett, P.W. Hitchon, J. Piper, V. Kumar, G. Clamon and M.P. Jones (USA) 21

Chronic pain induces a paradoxical increase in growth hormone secretion without affecting other hormones related to acute stress in the rat
B. Calvino, J.-M. Besson, F. Mounier, C. Kordon and M.-T. Bluet-Pajot (France) 27

Spinal local anaesthetic actions on afferent evoked responses and wind-up of nociceptive neurones in the rat spinal cord: combination with morphine produces marked potentiation of antinociception
H.M. Fraser, V. Chapman and A.H. Dickenson (UK) 33

Effect of exposure to sauna heat on neuropathic and rheumatoid pain
T. Nurmikko and A. Hietaharju (Finland) 43

Psychophysical examination of pain induced by defined CO_2 pulses applied to the nasal mucosa
F. Anton, I. Euchner and H.O. Handwerker (Germany) 53

Dynamic training and circulating neuropeptides in rheumatoid arthritis: a two-year follow-up study
C. Ekdahl, S.I. Andersson, R. Ekman and B. Svensson (Sweden) 61

Prolonged potentiation of transmission through a withdrawal reflex pathway after noxious stimulation of the heel in the rabbit
R.W. Clarke, J. Harris, T.W. Ford and J.S. Taylor (UK) 65

The Chronic Illness Problem Inventory as a measure of dysfunction in chronic pain patients
J.M. Romano, J.A. Turner and M.P. Jensen (USA) 71

Chronic abdominal pain and depression. Epidemiologic findings in the United States. Hispanic Health and Nutrition Examination Survey
G. Magni, M.R. Rossi, S. Rigatti-Luchini and H. Merskey (France, Italy, Canada) 77

Clinical Note

Individual variability in the response to different opioids: report of five cases
B.S. Galer, N. Coyle, G.W. Pasternak and R.K. Portenoy (USA) 87

BASIC SECTION

Basic Review

Statistical analysis of drug combinations for synergism
R.J. Tallarida (USA) 93

Research papers

Sensitizing effects of leukotriene B_4 on intradental primary afferents
S. Madison, E.A. Whitsel, H. Suarez-Roca and W. Maixner (USA) 99

Analgesia produced by lidocaine microinjection into the dentate gyrus
J.E. McKenna and R. Melzack (Canada) 105

Central changes of β-endorphin-like immunoreactivity during rat tonic pain differ from those of purified β-endorphin
F. Facchinetti, G. Tassinari, C.A. Porro, A. Galetti and A.R. Genazzani (Italy) 113

Further evidence for the existence of long ascending unmyelinated primary afferent fibers within the dorsal funiculus: effects of capsaicin
J.T. Patterson, K. Chung and R.E. Coggeshall (USA) 117

Spinal pharmacology of thermal hyperesthesia induced by constriction injury of sciatic nerve. II. Excitatory amino acid antagonists
T. Yamamoto and T.L. Yaksh (USA) 121
Systemic morphine administration attenuates the perceived intensity of noxious heat in the monkey
D.A. Thomas, J.-L. Oliveras, W. Maixner and R. Dubner (USA) 129
Antinociceptive and motor effects of delta/mu and kappa/mu combinations of intrathecal opioid agonists
C. Miaskowski, K.A. Sutters, Y.O. Taiwo and J.D. Levine (USA) 137
Antinociceptive and motor effects of intrathecal morphine combined with intrathecal clonidine, noradrenaline, carbachol or midazolam in rats
J.L. Plummer, P.L. Cmielewski, G.K. Gourlay, H. Owen and M.J. Cousins (Australia) 145

LETTERS TO THE EDITOR

Reply to the letter of Harlan and Davey, *PAIN*, 47 (1991) 245
N. Ward (USA) 153
The non-sensory basis of autotomy in rats: a reply to the editorial by Devor and the article by Blumenkopf and Lipman
L. Kruger (USA) 153
Reply to the letter of Dr. L. Kruger
B. Blumenkopf and J.J. Lipman (USA) 155
Autotomy sense and nonsense. Reply to L. Kruger
M. Devor (Israel) 156
Comments on Marchand et al., *PAIN*, 45 (1991) 249–257
R.B. North (USA) 156
Reply to Dr. R.B. North
M.C. Bushnell, G.H. Duncan and S. Marchand (Canada) 157

Number 2 – May 1992

Editorial Comment 161

CLINICAL SECTION

Research papers
Sensory testing of pathophysiological mechanisms of pain in patients with reflex sympathetic dystrophy
D.D. Price, S. Long and C. Huitt (USA) 163
The use of electromyography and muscle palpation in the diagnosis of tension-type headache with and without pericranial muscle involvement
J.P. Hatch, P.J. Moore, M. Cyr-Provost, N.N. Boutros, E. Seleshi and S. Borcherding (USA) 175
The effects of feedback and contingent reinforcement on the exercise behavior of chronic pain patients
G. Geiger, D.D. Todd, H.B. Clark, R.P. Miller and S.H. Kori (USA) 179
Possible startle response contamination of the spinal nociceptive withdrawal reflex
R. Dowman (USA) 187
Pain complaint and the weather: weather sensitivity and symptom complaints in chronic pain patients
M.S. Shutty, Jr., G. Cundiff and D.E. DeGood (USA) 199
Antidepressant-induced analgesia in chronic non-malignant pain: a meta-analysis of 39 placebo-controlled studies
P. Onghena and B. Van Houdenhove (Belgium) 205
Efficacy of multidisciplinary pain treatment centers: a meta-analytic review
H. Flor, T. Fydrich and D.C. Turk (Germany, USA) 221

Clinical Note
Clonazepam treatment of myoclonic contractions associated with high-dose opioids: case report
J.H. Eisele, Jr., E.J. Grigsby and G. Dea (USA) 231

BASIC SECTION

Research papers
Quantitative determinations of sensory and pain thresholds on human oral mucosa by argon laser stimulation
P. Svensson, P. Bjerring, L. Arendt-Nielsen and S. Kaaber (Denmark) 233
Role of *N*-methyl-D-aspartate and opiate receptors in nociception during and after ischaemia in rats
G.D. Sher, S.M. Cartmell, L. Gelgor and D. Mitchell (South Africa) 241
Intrathecal injection of acetylsalicylic acid, salicylic acid and indometacin depresses C fibre-evoked activity in the rat thalamus and spinal cord
I. Jurna, B. Spohrer and R. Bock (Germany) 249
Temporal processes of formalin pain: differential role of the cingulum bundle, fornix pathway and medial bulboreticular formation
A.L. Vaccarino and R. Melzack (USA, Canada) 257
Effects of intrathecal antibodies to substance P, calcitonin gene-related peptide and galanin on repeated cold stress-induced hyperalgesia: comparison with carrageenan-induced hyperalgesia
M. Satoh, Y. Kuraishi and M. Kawamura (Japan) 273

Antinociceptive effects of acute and 'chronic' injections of tricyclic antidepressant drugs in a new model of mononeuropathy in rats
D. Ardid and G. Guilbaud (France) 279

Number 3 – June 1992

Guest Editorial
Pain: paradigms and treatments
W.A. Macrae, H.T.O. Davies and I.K. Crombie (Scotland) 289

CLINICAL SECTION

Research papers
Chronic epidural bupivacaine–opioid infusion in intractable cancer pain
S.L. Du Pen, E.D. Kharasch, A. Williams, D.G. Peterson, D.C. Sloan, H. Hasche-Klunder and A.W. Krembs (USA) 293
Patient-controlled analgesic infusions: alfentanil versus morphine
H.F. Hill, B.A. Coda, A.M. Mackie and K. Iverson (USA) 301
Circadian distribution of extra doses of narcotic analgesics in patients with cancer pain: a preliminary report
E. Bruera, K. Macmillan, N. Kuehn and M.J. Miller (Canada) 311
Cervicogenic headache: anesthetic blockades of cervical nerves (C2–C5) and facet joint (C2/C3)
G. Bovim, R. Berg and L.G. Dale (Norway) 315
The efficacy and efficiency of a self-administered treatment for adolescent migraine
P.J. McGrath, P. Humphreys, D. Keene, J.T. Goodman, M.A. Lascelles, S.J. Cunningham and P. Firestone (Canada) 321
Facet joint injection and facet nerve block: a randomised comparison in 86 patients with chronic low back pain
R.C. Marks, T. Houston and T. Thulbourne (Scotland) 325
The effectiveness of psychological interventions for the rehabilitation of low back pain: a randomized controlled trial evaluation
E.M. Altmaier, T.R. Lehmann, D.W. Russell, J.N. Weinstein and C.F. Kao (USA) 329
Psychological aspects of reflex sympathetic dystrophy: a review of the adult and paediatric literature
M.E. Lynch (Canada) 337
The effect of experimental muscle pain on the background electrical brain activity
P. Veerasarn and C.S. Stohler (USA) 349
Cerebrospinal fluid kinetics of epidural clonidine in man
C.J. Glynn, M.A. Jamous and P.J. Teddy (UK) 361

Clinical Note
CT contrast evidence of injectate encapsulation after long-term epidural administration
D.A. Cherry and G.K. Gourlay (Australia) 369

BASIC SECTION

Research papers
Viscerosomatic convergence onto feline spinal neurons from esophagus, heart and somatic fields: effects of inflammation
D.W. Garrison, M.J. Chandler and R.D. Foreman (USA) 373
Systemic injections of alpha-1 adrenergic agonists produce antinociception in the formalin test
R.A.R. Tasker, B.J. Connell and M.J. Yole (Canada) 383
Fos-like proteins in the lumbosacral spinal cord following noxious and non-noxious colorectal distention in the rat
R.J. Traub, P. Pechman, M.J. Iadarola and G.F. Gebhart (USA) 393
Differential influence of naloxone on the responses of nociceptive neurons in the superficial versus the deeper dorsal horn of the medulla in the rat
S.S. Mokha (USA, UK) 405
Differential antinociceptive effects of morphine and methylmorphine in the formalin test
A.O. Oluyomi, S.L. Hart and T.W. Smith (UK) 415
